## CLASS PROCEDURES (Ver 25)

- 0.** The GRADEBOOK is the final word on all assignments and grades. If something appears in the gradebook, it is to be completed and submitted. Address any problems with grades using the weekly Parent Viewer. **Make corrections ASAP. Do not wait.**
- 1. NO CELLPHONES, HATS, HOODIES or EARBUDS.** According to school policy, these items WILL be confiscated. **NO VISIBLE or AUDIBLE devices, earbuds, or WIRES.** All such devices will be confiscated, on sight, pending a parental conference. **No WARNINGS. Don't "forget" or attempt to hide wires.**
- 2. DRESS CODE**  
Students must dress in accordance with the Doral Academy dress code.
- 3. EXCESSIVE ABSENCES** Students accumulating 10 or more hours of unexcused absences may have grades or credit withheld. Get a note from the office to excuse absences. **NOTE: Leaving school early is UNEXCUSED until proper documentation is submitted.**
- 4. NO PASSES FROM CLASS WILL BE ISSUED.**  
Each student will have TWO (2) emergency passes per semester. Please use these passes ONLY in extreme emergencies because you will not get any more. Students with medical problems should bring a medical excuse.
- 5. BE IN YOUR ASSIGNED SEAT BEFORE THE BELL RINGS.**  
The classroom door may be closed and/or locked at the bell (especially after lunch)
- 6. DO NOT THROW ANY OBJECTS IN THE CLASSROOM**  
This will be an automatic conduct cut. **NO WARNINGS.**
- 7. FORMAT FOR INFORMATION HEADER FOR ALL ASSIGNMENTS** In order to receive proper credit, all assignments must have a header in the top right hand corner of every assignment with the following information. Period-School (1-3029,2-6030,3-7009,4-7020), Class ID (assigned in class), name, date, ALL information from the Gradebook (including the assignment number) and your Buddy's name. Papers without complete headers will not receive credit. **Incomplete header means automatic 5-10 pt deduction!**  
**Put your header on the top of THIS page right now.**
- 8. SUPPLIES**  
Each student MUST bring all necessary supplies to class each day. Required supplies include: A 3-ring binder, pencil case, paper, pen/pencil, calculator(math), and a textbook. A three-hole punch is also very useful. There will be periodic checks for these items.
- 9. FORMS**  
Many forms for class are available at <http://www.springsoft.com/downloads.htm>
- 10. TEXT BOOK**  
Each student will fill out a STUDENT INFORMATION SHEET (SIS) and then be issued a textbook. Students will be charged for excessive wear or lost textbooks. Students returning textbooks with missing, damaged or incorrect ID labels will be charged the full price of the book. **BE SURE** to exchange returned textbooks for the SIS when exiting the class to prevent lost textbook charges.

**\_\_11. NOTEBOOK (THIS IS IMPORTANT)**

A complete notebook is a very important part of each student's grade. See notebook guidelines.

**\_\_12. PARENT VIEWER (PV) GRADE REPORTS**

The school provides a website with a record of all grades for your child. **EVERY MONDAY\***, each student will submit the following package. **2) PV-10pts 3) Journals/Moodle-10pts, 4) Parent Signature-50 pts 5) Explain 6) Online 7)SelfGrade-10pts.** The PV should be stored in the Test and Quizzes section of the notebook. Use a PV scoring cover page.

\*PV's will be due in whenever your class meets on the first day of that week. Check gradebook for exact dates.

**\_\_13 IN-BOX**

All work must be turned in BEFORE the tardy bell. All work should be placed in the IN-BOX. Place assignments in the box in the **proper direction. (SEE ARROWS ON WALL)** Once the bell rings work will be considered LATE and is subject to a 5-10 point grade reduction.

**\_\_14. CLASSROOM BUDDY (IMPORTANT!)**

Each student will choose a classroom buddy. In case of a missed class, a student would expect the buddy to take an additional copy of all handouts and/or assignments for that class period. **Grade reductions will be made for not keeping up with assignments for both buddies. BE SURE TO DO THIS.**

**\_\_15. SUBMITTING LATE/UNRECORDED ASSIGNMENTS**

Students are responsible for **ALL** assignments, even when absent or on a field trip. Missing in-class assignments and tests are done AFTER school hours and must be completed within 3 school days for complete credit. **Get missed assignments from your BUDDY.** To submit, print a copy of the Parent Viewer, highlight the missing assignment(s), and place in the IN-BOX. **REMEMBER: A + F = F!**

**\_\_16. EXTRA CREDIT**

Extra credit assignments occur periodically during the year. Students should make an effort to submit extra credit assignments. Do not wait until the end of a marking period to worry about your grade

**\_\_17. CLEAN UP YOUR AREA BEFORE LEAVING CLASS EACH DAY**

Please do not leave discarded papers, wrappers, Kleenex or any other trash behind when leaving class. Clear your table, and the area around the table of all clutter. Push your chair in.

**\_\_18. EMAIL**

Each **parent and student** should send me an e-mail from their email account. Address email to [skoski@doralacademyprep.org](mailto:skoski@doralacademyprep.org) . SUBJECT LINE **STUDENT: S\_0103#06JONES,BETSY PARENT P\_0103#06JONES,BETSY (no spaces).** Please include your name and all phone numbers in the BODY of the message.

**\_\_19. A Copy of this form should be retained by the parents and another copy should be stored in the student notebook in the REFERENCE section.**

*We have read and understood these rules and grading procedures and will abide by them. If there are any problems or concerns we will contact Mr. Koski at 305-591-0020 or [skoski@doralacademyprep.org](mailto:skoski@doralacademyprep.org) Please initial all 19 points*

## Research Mathematics Notebook Specifications (V25)

Each student will maintain a **Notebook**. The Notebook must be brought to class each day. It will be collected **EACH** marking period in the week prior to the final grade. Additional "spot checks" will occur at the teacher's discretion. The notebook is an important part of your grade. Always check for "Common Mistakes" before submitting a notebook.

### **Cover, Supplies, Scoring Sheet AND Submission Date** – 5%

The folder should be a hardcover 3-ring binder in good condition. The course name, and the student's header information should be clearly displayed on the front cover. It is best to get a folder with a clear plastic insert on the cover, otherwise write this information clearly on a attached label or in a contrasting color.

Each notebook should have a place to store a pencil, pen, eraser and other supplies.

The scoring sheet should be in the inside front pocket of the notebook. **BE SURE to put the submission date in the box at the top of the scoring column.**

### **Table of Contents** – 15%

Notebooks without a Table of Contents WILL NOT be graded. All pages must be numbered and listed in the Table of Contents. You should number and date your pages as you place them in the book. There will be a separate page for each of the four sections.

The following five sections are required and must be separated with labelled dividers.

#### 1. **Classroom Notes - 20%**

There must be a page for **EACH DAY** of class. Included on each page should be the date, **homework assignment(s), and a description of the day's activities**. If class consists of worksheets or computer work, use the note pages for your work. Classroom notes must be "setup" at the beginning of each marking period. . Each page should have **your name**, the date and the "day of the marking period" in the top, right corner clearly written in **INK**. **No crossouts, whiteouts or erasures**. Organize them using the **Cornell** note-taking system. Each page should have a DATE and the DAY NUMBER. Get DAY NUMBERS from the calendar. **Include "OH, YEAH" pages every Monday**. Stamp and submit your note pages EVERY DAY. Notes MUST give good evidence that work was done. Notes will be graded on a scale of 60% - 100%. If you don't turn in notes you will get a Z, so don't forget to turn them in on time, every day. Use the date stamp only for NOTES.

#### 2. **Practice Tests – 40**

The practice test section must be set up completely at the beginning of each marking period. Completely fill out all information on the Practice Test Reporting Form (PTRF) and the Team Reporting Form (TRF) in advance. Make sure that the Header information matches the Gradebook EXACTLY. A list of practice tests is available on Moodle and in the Gradebook. Each entry consists of 5 parts. 1) PTRF 2) Individual Solutions 3) Team Solutions 4) TRF (facing backwards) 5) Copy of Test. Do not write on the actual test. Format the solutions pages so that solutions and answers are neat, organized and numbered. **In the Notebook**, secure each **entry** with a paperclip along the right margin. **Stagger the paperclips along the margin**. When submitting with the weekly Parent Viewer, remove the paperclip and STAPLE the top left corner. Do NOT submit the copy of the test with the submission. Make sure all entries are completed. Plan your team's practices so that you have all four individual scores. Remember to enter all scores in Moodle. **It is important that you and your teammates keep up with both the individual test assignments AND the team assignments.**

The team leader will submit a report for the members of the team on the Research Report Form RRF (ebrprt.pdf) where each student's grades are reported. This form should be updated **and SUBMITTED** weekly. Each member should keep an updated copy of the form in their notebook at the beginning of the Practice Test Section

#### 3. **Graded Assignments - 10% (HW, Test, Quiz, Classwork)**

This section should include all graded tests and quizzes and any work done in class. When you receive a graded assignment put the PAGE NUMBER and the date returned on the bottom right side of the first page. Record the assignment in the appropriate Table of Contents.

#### 4. **Reference Sheets and Handouts - 10%**

When receiving a reference sheet or handout, write a PAGE NUMBER and the date received on the bottom right corner of the first page. Enter this sheet in the Table of Contents

### **Overall Impression**

The teacher may adjust the final grade here depending on the overall impression of the runbook.

### **Extra Credit**

Include any extra credit assignments here.

- 12. PTRF is not completely filled out**
13. Missing Actual Test

14. Submitted copy of practice Test is Written on
15. No work for Practice Test
16. Practice Tests have no STUDENT WORKED solutions
17. Practice Tests missing date and/or Day number
18. Insufficient number of Practice Tests
- 19. No Dates/Sequence numbers on bottom of returned work**
20. Practice Tests MUST be entered online
- 21. You MUST use a new grading sheet for EACH marking Period**
- 22. You MUST have a SETUP grade on this grading sheet (-20)**
- 23. Practice tests: 10:setup, RRF and n. 10 for each n/3**

# RESEARCH NOTEBOOK Self Grading v25

(Turn in this sheet with every parent viewer)

You and a buddy are going to "pre-grade" this notebook. Use the guidelines below to determine each notebook's grade. Make corrections to your notebook until it has the grade that you want. After you complete this sheet, fill out the notebook grading sheet and submit your notebook. I will be looking for **differences** in your grade and my grade. Missing/Incomplete items will be penalized at twice the usual rate.

## Cover

- FULL Header
- Permanent Writing (no tape, staples etc.)

## Table of Contents – ALL information filled out

- 4 pages
- Assignments match actual papers
- Footer information is correct

## Notes

- There should be 23-24 pages
- Notes have headers (date and day number) in ink. Do this for ALL pages BEFORE first setup grade.
- Notes show significant work/lesson details
- All notes pages are present
- Cornell format

## Practice Tests

- Each Test Package fastened with paperclip in proper position along the right side, not the top.
- Cover sheet with all information, including answers and score
- At least two pages of justification for answers. Pages should have each problem numbered and work should be readable and neat.
- Thorough solutions for all missed questions
- Team sheet should be fastened to the back with total team score (hole-punched in a way that it is visible when you turn the page).
- All scores should be entered in Moodle.

## Graded Assignments

- Header should be readable and neat
- Grade should be assigned, there should be a complete list of problems that are completed and there should be a complete list of problems that are incomplete.
- Solutions for missing problems should be written in an alternate color.
- Footers should be on the bottom right corner and be consistent with the TOC's ( footers should be date that you got the assignment back and the page number in the TOC)

## References

- Footers should match entry in TOC (contains date that you got it and the page number of TOC)

blank

TOPIC	Day Number Date
-----2 1/2"---	----- 6"-----
In this section: <b>Reduce</b> ideas and facts to concise jottings and summaries as cues for <b>Reciting, Reviewing,</b> and <b>Reflecting.</b>	In this section: <b>Record</b> the lecture as fully and as meaningfully as possible.

The format provides the perfect opportunity for following through with the 5 R's of note-taking. Here they are:

1. **Record.** During the lecture, record in the main column as many meaningful facts and ideas as you can. Write legibly.
2. **Reduce.** As soon after as possible, summarize these ideas and facts concisely in the Recall Column. Summarizing clarifies meanings and relationships, reinforces continuity, and strengthens memory. Also, it is a way of preparing for examinations gradually and well ahead of time.
3. **Recite.** Now cover the column, using only your jottings in the Recall Column as cues or "flags" to help you recall, say over facts and ideas of the lecture as fully as you can, not mechanically, but in your own words and with as much appreciation of the meaning as you can. Then, uncovering your notes, verify what you have said. This procedure helps to transfer the facts and ideas of your long term memory. **Work with a friend-record Date and Time.**
4. **Reflect.** Reflective students distill their opinions from their notes. They make such opinions the starting point for their own musings upon the subjects they are studying. Such musings aid them in making sense out of their courses and academic experiences by finding relationships among them. Reflective students continually label and index their experiences and ideas, put them into structures, outlines, summaries, and frames of reference. They rearrange and file them. Best of all, they have an eye for the vital-for the essential. Unless ideas are placed in categories, unless they are taken up from time to time for re-examination, they will become inert and soon forgotten. **Use your Journals for reflection. Record Date and Time.**
5. **Review.** If you will spend 10 minutes every week or so in a quick review of these notes, you will retain most of what you have learned, and you will be able to use your knowledge currently to greater and greater effectiveness.

## Generate Questions

Approach the lecture notes as a series of answers to questions. Translate the answers into questions, recording the questions in the left column (if the Cornell format is used) or on flash cards (with the answers on the back). If you can't think of a question for a section of notes, put a "?" in the margin and seek clarification from the instructor or book.

Write the questions as soon after class as possible. If you generate questions while the information is still fresh, you'll find that the process of asking questions helps you focus on the essential material. Each time you go to lecture, your notes will become increasingly more organized. You won't have to work at organizing the notes. Since question-asking helps you understand things more clearly, you'll begin to anticipate the questions as the instructor shifts topics.

Write questions for all information recorded in the notes: names, terms, concepts, dates, numbers, symbols, formulas, and illustrations.

#17  
9/28/2010

### Multi-step Equations

Remember → Combining like terms with expressions  
 $(3x^2 - x^2) + (x + 3x) + (4x + 8)$   
 $3x^2 + x^2 + (-x + 4x) + (-2 + 8)$   
 $4x^2 + 3x + 6 = (4x^2 + 3x + 6)$

Expressions vs. equations → Expressions don't have an equal sign and equations do.  
→ For multi-step equations, you need to combine like terms first.

Examples

①  $4x + 6 - 2x = 14$   
 $2x + 6 = 14$   
 $-6 \quad -6$   
 $\frac{2x + 8}{x \quad 2}$   
 $x = 4$

check:  
 $4x + 6 - 2x = 14$   
 $4(4) + 6 - 2(4) = 14$   
 $16 + 6 - 8 = 14$   
 $16 + 6 - 8 = 14$   
 $14 = 14 \checkmark$

②  $-8 + 5x - 2x = 7$   
 $-8 + 3x = 7$   
 $3x - 8 = 7$   
 $+8 \quad +8$   
 $\frac{3x + 15}{x \quad 3}$   
 $x = 5$

check:  
 $-8 + 5x - 2x = 7$   
 $-8 + 5(5) - 2(5) = 7$   
 $-8 + 25 - 10 = 7$   
 $-8 + 25 - 10 = 7$   
 $7 = 7 \checkmark$

---

Summary: Instructions and Examples for solving Multi-Step Equations. See Journals #18, #19 for reflections on this topic.

Submitted: Assignment #10 Grade=100, Journal 3

Recall/QUESTIONS	Notes
<p>remember to review lesson during study time after class.</p> <p>I redid the proof of integrals from page 243</p> <p><b>What is the definition of AREA?</b>  <b>A: # of squares that cover the object.</b></p>	<p>Measures: Why we measure? What do we measure?</p> <p>ex: Area, # of squares</p> <p>ex: Exponents: # of factors that are not equal to 1                      note: 1 has a special purpose. It is the IDENTITY. That means in terms of multiplication, one doesn't make any changes. When you multiply a number by 1, you get no change. Just like adding zero.</p> <p>Area. Count the squares. There are many shortcuts for counting.                      If objects are arranged in a line. Enumerate (1,2,3...                      If objects are arranged in a rectangle. Multiply rows times columns.                      If objects are irregularly shaped                      parallelograms:                      triangles: <math>1/2 (bh)</math>                      trapezoids. <math>1/2 (B+b)h</math>                      tree shape: <math>{}_n P_r</math> ?? From stats book on Permutations</p> <p>total irregular. <math>\lim_{n \rightarrow \infty} \sum_i^n f(w_i) \cdot \Delta x = \int_a^b f(x) dx</math></p> <p>I didn't understand this. It was from Chapter 5, page 243. def of integral</p> <p><b>NOTE: DIAGRAMS did not copy!</b></p>

**Summary:** Looked at all the ways to count objects  
 Here are some good possible questions

1. How many ways can ....
2. What is the area of a circle

70% DID: 1, 2, 3, 4, 5, 8 and 9  
DIDN'T: 6, 7, and 10

## Grading Homework (Ver. 25)

The purpose of homework is for students to practice and identify strengths and weaknesses. It is the student's responsibility to do and check homework. You are responsible for all information from both class AND homework. "A" students should also do additional problems from the book even when they are not assigned. Tests cover ALL information in the book so make sure you do as much of the homework as you possible can before each test.

### Homework grade:

Homework is practice; therefore, homework will USUALLY be graded more leniently than tests or quizzes. Students need to make a complete effort to do all assigned work. It is likely, however, that there will be times when a student can't do a particular problem. In that case, turn in the following on or before the due date.

1. Copy the problem **completely**.
2. Make a **WRITTEN** attempt to do the problem, even if it turns out to be wrong. Submit all attempts.
3. Leave enough space to take notes and/or complete the problem later. **This later work will be done in an alternate color and will be graded at the end of each nine weeks!**

### Student Grade:

Students should assign themselves a grade for each homework paper. Students should calculate a percentage correct for problems that they think that they have done correctly. This grade should be written at the top of the homework paper. (See top of this page)

For example: The homework assignment consists of 10 problems. The student feels comfortable with 1-5, 8, 9. Since the student has answered 7 problems, they should write ALL the numbers of the correct problems and the percentage at the top. Center this, **MAKE IT LARGE**. (See top of this page for complete header example)

70% DID: 1, 2, 3, 4, 5, 8 and 9  
DIDN'T: 6, 7, and 10

### Moodle Assignment FILE NAME: 3118rivero\_johnHW10\_70a7c3.jpg

#period #School ##Your number Last First HW ## Assignment Number %%%Percentage ANumber Answerd CNumber Not Answered.

The teacher will collect the assignment and assign a grade based on the student's effort.

If the teacher feels that the assignment is a good faith effort, an "A" will usually be assigned. However, this grade can be lowered by any of the following:

1. Homework is significantly late
2. **No student "Homework grade" entry at the top of the page**
3. Too many unfinished problems
4. Unfinished problems that haven't been copied **and/or** attempted.
5. No or incomplete HEADER.

In addition, problems that the student claims as correct will be randomly checked. Occasionally you may be asked to submit a particular homework problem in class. If a claimed problem is wrong, the grade may be lowered to an "F" or a Zero.

### 9-weeks Homework Grade:

A significant grade will be assigned at the end of each nine-week period. The entire set of homework MAY be examined for completeness. Keep all homework in your notebook. Make corrections and additions in an alternate color. All homework should be ready to submit without warning at the end of the grading period. Keep up with your homework. Answer keys and Teacher's Edition are available for use during class to find solutions that are not in the textbook.

## How to Get an "F"

Because Homework grading is somewhat fluid, some students think that homework can be put off indefinitely. Be assured that each of you has more homework than it is possible to finish UNLESS you work on it consistently. I don't want you to spend 3 hours on a problem that you can't get, BUT I do want you to spend the 3 hours! Set up a schedule. Work regularly. If you get overwhelmed, take a break. Take advantage of being able to turn in incomplete assignments, but MAKE SURE that you address any missing assignments that you haven't truly finished.

Symptoms of an Incipient F

1. You don't do homework.
2. You consistently turn in incomplete homework
3. You don't make any effort to complete any assignments.
4. You wait until the last two weeks and then try to turn it all in at once.
5. Same as 4, but you wait until the last week.
6. Same as 4 and 5, but you wait until the last day.
7. Same as 4,5 and 6 but you try to turn it in after the gradebook closes.
8. etc.

REMEMBER

1. Know and Respect No "A" day. LATE work turned in after NO "A" can only be used to change a failing grade to a D or C.
2. Large packages of work turned in after NO "A": day may only be graded as a 40%.
3. Large packages of work turned in during the last week may not be graded and if they are it will be graded after every other assignment that is turned in. (i.e. It won't be graded)

## What should be in the Notes section

1. Daily assignments. Page, Section, Problem numbers.
2. List of any online applets
3. Topics
4. Readings
5. What you did for this class TODAY.

**EACH DAY. write a summary of your homework efforts.**

1. Pages read
2. Homework problems attempted/completed
3. Barron's problems attempted completed
4. Time spent programming
5. WebWork/Calculus problems completed
6. Total time
7. PARENT signature on notes table of contents for each week

## What should be in the Journals

The purpose of journals is to allow the student a free place to express feelings about the class, personal problems that might affect the student's effort and/or the study of math. The student is free to write on almost anything. It is hoped that the student will fill the journals with meaningful writing. Students who demonstrate a conscious effort are eligible for extra credit. If the student uses this opportunity to "practice their handwriting", it is expected that **ALL** space on the page be filled completely with recognizable English words and/or letters. Meaningless scribbles will receive no credit. Any white space will result in a lowered grade.

## Column Number:

On all assignments turned in, place your COLUMN NUMBER in the upper left-hand corner. (see above) The Column Number will be assigned in class. Column Numbers should be **RED.**

# Log in

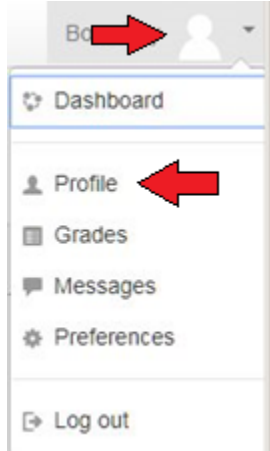

Username

Password

## To properly use Moodle, you must update all fields Instructions for Updating your Username and Information in Moodle

Moodle sorts by FIRST name. Since most programs sort data by LAST name (surname), names need to be entered in **REVERSE ORDER**.  
(Put your FIRST name in the SURNAME box and your LAST name in the FIRST name box)

### Step-by-Step instructions

1. Log on to Moodle <https://springssoft.com/moodle>
2. Log into your course.
3. Click on your name/image in top right hand corner and select Profile.
3. Click Edit Profile

The actual layout of screen items may vary.

### User account

- Edit profile
- Change password
- Preferred language
- Forum preferences
- Editor preferences
- Messaging

In EDIT PROFILE Screen edit your information. First edit your name. The number is associated with your school number. (see below)

Sample Data	Your actual data
First name* <input type="text" value="4Maneiro"/>	
Surname* <input type="text" value="Camila"/>	

In this example, the student belongs to Doral Academy High School because of the 4 before the last name in the First Name\* field.

Depending on your school, use the following single digits: 1-3029, 2-6030, 3-7009 and 4-7020

**Make sure that your First name and Surname are configured like the sample.**

**Check that your email is correct.**

**SET City/Town: DORAL2028**

**Note: the DATE is your GRADUATION YEAR. This student in the sample will graduate in 2028**

Select a country

**You MUST select United States.**

**Students NOT from the United States will be automatically deleted. Deleted Students LOSE ALL WORK!**

Scroll down to **OPTIONAL**. You will probably need to click the arrow to Show the fields. Fill in ID number, Institution and Department.

	
ID number	<input type="text"/>
Institution	<input type="text"/>
Department	<input type="text"/>
Phone	<input type="text"/>
Mobile phone	<input type="text"/>
Address	<input type="text"/>
	<b>Enter your ID number</b>
	<b>DORAL20## (grad year)</b>
	<b>Enter your period number</b>
	<b>Enter your phone number</b>
	<b>Enter your mobile phone number</b>
	<b>Enter your mailing address</b>

1. Fill in your student ID number
2. For Institution use the same entry as you did for City/Town. Ie. DORAL2028
3. For DEPARTMENT the PERIOD number for you Koski class. If you do not have Mr. Koski in a class, enter **9**.
4. Enter information for PHONE, Mobile phone and Address.

A grade will be assigned when all this information is correctly entered.

blank

# 1. How to Request a Teacher Recommendation (DIGITAL) (Ver 25)

It is MY job to write a winning recommendation, it is YOUR job to provide all the details necessary to make this possible. The better job you do, the better the recommendation will be.

**Online Applications:** I still need all the information and items listed below. Get a copy of the online form if possible. If not, ask me for a sample form that you can use to record this information. Make a separate copy for each college. **IF I DON'T KNOW THE ANSWER TO ANYTHING, I WILL STOP!**

**MAKE SURE EACH OF THE FOLLOWING IS COMPLETED AND CHECKED-OFF ✓.**

**Incomplete applications will be returned.**

- Give the teacher PLENTY of time to write your recommendation. A minimum of two weeks is required; more time is better. Don't assume that the teacher has time during the week or that he has all weekend to write your recommendation. **Due Date OCT 11, 2024**
- College Recommendation Form
  - COLLECT this information. **Fill out the CTI form. REQUIRED** (page 2)
    - School name and address
    - Classes and grades you have taken with teacher**
    - Number of years teacher has known you
    - How the teacher knows about you
    - MAKE SURE YOUR NAME IS ON THE APPLICATION!!!!!!**
    - Sign the waiver.
    - (Important) Supply 3 words that describe you.**
  - Complete these form.
    - Fill out Teacher Evaluation information** from the COMMON APP **OR** for MIT Form A. Those documents are included with this on page 3 and 4-5. If you feel that you deserve either of the top two rankings, please include information that supports that ranking.
    - Write** or outline the 7 student essays for Common App. (Page 6) **REQUIRED** for all.
  - Submit this completed for to MOODLE.**

Envelop **(not on flash drive) PUT YOUR NAME ON EVERY PAPER IN THE ENVELOPE**

- Write you NAME and EMAIL ADDRESS on the front of the envelope.
- Write the DUE DATE **AND YOUR NAME** the front of the application.
- Receipt Checklist (put your name on each page)
  - Have a form with a list of all applications submitted and their due dates. Teacher will check off those that are sent out and return the check list to you. **Put your name, email and phone on this.**
  - Outline of accomplishments Create this in preparation for your essay. You might want to organize the different entries by subject so that you can submit the same outline to all teachers.
- Essay printed on paper AND submitted on (**Moodle**, disk or flash drive.) (put your name on each page)
  - Write an essay from the teacher's point of view. Discuss all aspects of what you want a teacher to say about you. Be sure to include as many **details** of activities, awards and grades that you feel are important and that I might know about. DO NOT be afraid to be positive. Explain why YOU are special. I will rewrite the letter, but it is important to know what YOU think is important. If this essay is short or unconvincing, expect your recommendation to be the same. **Put a printed copy in the envelope AND supply this essay on a disk or flash drive.**
- Carefully re-read the application. You will not see it again and any missing information will reduce your chance of making a good impression.

**IF YOU DECIDE YOU DON'T NEED A RECOMMENDATION, TELL ME!!!!!!**

A. Samuel Koski  
Doral Academy  
11100 NW 27<sup>th</sup> St  
Doral, FL 33172

**Helpful Hint:** Create a folder in 9<sup>th</sup> grade. In it put all records of awards, activities, classes, community service, publications and anything that could be used when writing resumes and college applications. Include dates, number of hours for service projects, and names and contact information for reference / recommendation letters.

**COLLECT THE INFORMATION (CTI).**

How strongly do you recommend

this student for MIT:  With reservation  Fairly strongly  Strongly  My strongest recommendation

- E. Describe the quality of the applicant's intellect and academic work. Please comment on the student's originality of thought, ability to grasp difficult concepts, and willingness to take risks and go beyond the normal classroom experience. Please provide specific examples.
- F. Please comment on the applicant's personality and social skills. How would you describe the applicant's ability to interact with teachers? With peers?
- G. Has the applicant ever experienced disappointment, failure, or lived through a personal or emotional crisis? How did the applicant react to these challenges? How might you characterize this applicant's resilience, or style of coping with adversity? Are there unusual circumstances in the applicant's case (personal or academic) that you feel we should know?
- H. Admission to MIT is based upon much more than a set of test scores, grades, and activities. Sometimes applications come with a story behind the story: context. Is there information regarding the applicant's community, school, or background that would place the applicant's successes or challenges into context for us? What's the scoop?

**Common App Student Essays** (Required for All)

2023-2024 Common Application Essay Prompts

1. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.
  
2. The lessons we take from obstacles we encounter can be fundamental to later success. Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?
  
3. Reflect on a time when you questioned or challenged a belief or idea. What prompted your thinking? What was the outcome?
  
4. Reflect on something that someone has done for you that has made you happy or thankful in a surprising way. How has this gratitude affected or motivated you?
  
5. Discuss an accomplishment, event, or realization that sparked a period of personal growth and a new understanding of yourself or others.
  
6. Describe a topic, idea, or concept you find so engaging that it makes you lose all track of time. Why does it captivate you? What or who do you turn to when you want to learn more?
  
7. Share an essay on any topic of your choice. It can be one you've already written, one that responds to a different prompt, or one of your own design.
